

2009 International Energy Conservation Code

City of Clemson Planning and Codes
1250 Tiger Blvd, Suite 4
Clemson, SC 29631

The State of SC has mandated that the 2009 International Energy Conservation Code must be adopted and enforced by all local jurisdictions. Any permit issued after the January 1st implementation date will be effected.

This display card is to be completed by the builder, a registered design professional or an approved third party contractor. A copy of this card must be posted in the electrical distribution panel. A copy must also be provided to the Planning and Codes Department upon completion. The compliance display card is a prerequisite to a Certificate of Occupancy.
