\*\*It is the responsibility of the contractor to keep this list current and correct\*\*

## **Please Note:**

In accordance with SC Code of Law Section 40 Chapter 11 and Chapter 59, we have asked that all subcontractors' license information be disclosed. This will allow our department to ensure work is performed by a properly licensed person/company. At the time of a needed inspection, if the correct license information is not disclosed, we will not be able to perform the inspection. We asked that to avoid delays in the inspection process, this sheet be updated with the State licensed subcontractor licensing information as soon as that information becomes available. This is done to ensure that the parties performing the work are licensed properly through the State of South Carolina. This is in pursuant of SC State Code of Law and City of Clemson Code of Ordinance Section 5-2 (B).

This is a requirement for requesting inspections associated with State Contractors license. This does not satisfy requirements of the City of Clemson Business License Dept.
